

# Promotions: How to set up your promotional price!

The promotion is coming up soon and you want to provide special ticket buyers with promotion codes that can be redeemed via the Light Shop and the Eventim network?

In this document we will show you how to quickly and easily you can create the desired promotion code and assign it to the desired price.

To create the promotion code, the following characteristics should be defined:

- + Name
- + Maximum number of tickets
- + Number of tickets per order
- + Duration of validity

### You should also consider how the promotional code can be redeemed:

- □ Multiple times
- □ Multiple times up to the max. number of tickets
- □ Once
- There are several codes, but each can only be used once for booking

### Create a promotion (in general):

First log into your EVENTIM.Light account and navigate to the "Promotions" tab Then click on "+ Create promotion".

### **Step-by-step instructions - code redeemable** <u>multiple times</u> The following variation is possible:

Code redeemable multiple times - independently defined (point 1)

Example: You advertise the specific event in your newsletter. All customers can use the same code. Code: newsletter

Code redeemable multiple times - randomly generated (point 2)

Example: The name of the code is not relevant to you. Just have a random code generated (e.g. qJUHip8Lmk).

Now, after clicking on "Create promotion", enter the promotion name, the max. number of tickets, the max. number of tickets per order and the validity period.

## Add promotion to the event

Once you have created the desired promotion, add it to a promotional price within your event.

- a) Navigate to the "Events" tab and select the respective event for which you want to add a promotion code. This takes you to the event details page, then click on "Edit". Scroll down to the section "Prices" and choose the price that you want to make available to be bought with the promotion code.
- b) Click on "Advanced settings" and select the desired promotion, which you previously created via the "Promotions" tab.
